

.. HOROSCOPE ..

THURSDAY, OCTOBER 21, 1926.

ALTHOUGH the sun is to benefit today, according to astrology, there are warning signs. Both Neptune and Uranus are in well placed. During this week the mind is likely to assume a confidence that will not be later justified. This is especially true of persons in the sun, to whom class political candidates belong. This should be a fortunate day for all who would make bargains for future favors, since the sun is conducive to optimism and generosity.

HONEY

DESSERT LILY BRAND

\$1.50 per case of two 50-lb. cans. Special prices in 10, 25, 50 and 100-lb. cases.

"A HEE-LIKE FROM THE FLOWERS TO YOU."

Checks or money orders accepted.

ARIZONA HONEY COMPANY, YUMA, ARIZ.

All Texas Smokes This Good Cigar

Life is too short to argue the quality of any cigar.

The fact that Lovera is actually the largest-selling cigar in Texas, removes all argument about Lovera quality.

We simply say that Lovera is the finest mild Havana cigar that can be made, and we ask you to try them.

Buy them everywhere, at the price that suits you—10c to 35c.

LOVERA

The Very Mild Havana Cigar

OPHELIA

Persons whose birth date it is may have some unusual business anxiety that may be easily overcome. They should prosper during the coming year.

Children born on this day will be brave and trustworthy. Their future depends largely on the hour of birth, but they should meet success early in life.—Copyright, 1926, by the McClure Newspaper Syndicate.

COURT DISMISSES ROBBERY CHARGES AGAINST TWO MEN

E. F. Samons and J. A. Juergel, charged with robbery by assault, were found not guilty by Justice Clark Wright, Tuesday afternoon following a preliminary hearing. Complaint against the men was made by Ray Tuggle, Tuggle charged that during a friendly "crap" game, Samons struck him with a bottle and that Samons and Juergel took approximately \$45 from him. When he was placed under oath Tuggle changed his statement and said that while they were gambling Samons hit him, but that he did not know who took his money. Testimony tended to show that Tuggle had introduced "crooked dice" into the game.

After dismissing the robbery charge Justice Wright placed charges of gambling against Juergel, Samons and Mesely. The men pleaded guilty to this charge and paid a fine.

SENATOR FALL AND MECHEM INTEREST ROSWELL THROGS

Roswell N. M., Oct. 20.—Senator A. B. Fall and Merritt C. Mechem, Republican nominees for governor, addressed a packed house here last night. Senator Fall attacked in almost every detail the league of nations and strongly advocated the election of senator Harding to whom he referred as one of the greatest of living Americans. Judge Mechem advocated the election of the Republican state ticket, recommended a change of the tax laws of the state and denoted emphatically that he was in any way the candidate of any boss or set of bosses.

ELECTRICAL ENGINEERS TALK OF RAILROAD PROBLEMS

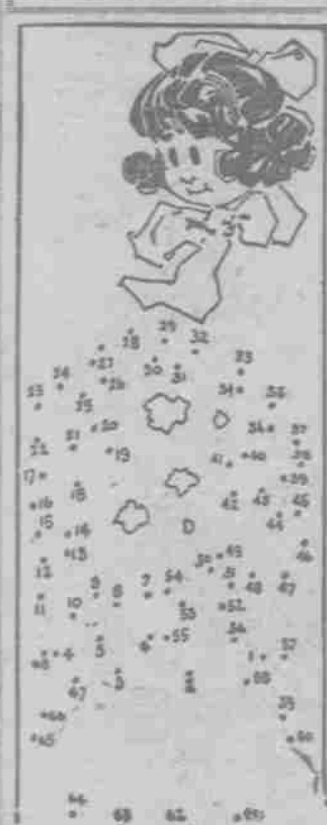

Chicago, Ill., Oct. 20.—Development of electrical appliances on steam railroads was a main theme of the four-day convention of the Association of Railway Electrical Engineers which opened here yesterday. The association is national in scope and has a membership around 100. Committees reports on heavy electrical traction, on illumination, on railroad stationary power plants, on electrical repair shop facilities, on train lighting, on welding, on electric hoists, lights and on power trucks and tractors, will occupy the greater part of the sessions.

It's Wonderful to Have a Kodak. No doubt you have looked over your album often and as you close the last page of pictures you must think that it is really wonderful to have a Kodak. If you do not have an album of Kodak pictures showing the most joyous hours of your life, then start one today.

Shoes And Stockings

By EDNA KENT FORBES

WONDER why so many girls insist on wearing silk stockings all the time and will have nothing else. I admit their charm and I advise wearing them as a means of making the ankle look smaller and as a matter of comfort, since silk stockings usually fit better than any other sort. However, there are times when it is foolish to wear silk stockings and many times when it is unnecessary.

As silk stockings have become enormously expensive recently, it is certainly a matter of wisdom and economy not to wear them all the time. For instance, if you are wearing high shoes, silk stockings are a superfluous because they do not show. You can, of course, follow the plan of most economical women and wear darned stockings to wear with high shoes when the mended heels will not show.

There are many times when it is foolish to wear silk. If you are going on a country walk, you should certainly wear cotton or linen, since one twig or branch catching a silk thread will start a run that ruins a perfectly good and expensive pair of stockings. It is foolish to wear silk for any sort of outdoor sport or outdoor work, yet I have seen many silk-stockinged women working in gardens or even doing housework.

It is foolish to wear silk stockings outdoors in winter when wool is soft and warm and will protect the body so much better. Silk stockings, after all, should be kept for evening wear and for low shoes, unless, of course, you have an unlimited income.

Patience.—Lemon juice acts as a bleach to the skin, but if you use very much of it you need a cream to supply some oil—otherwise so much acid would irritate the skin. If you enjoy lemon, it means that your stomach needs that acid. The acid on the system is to thin the blood.

Use as astringent in the rinse water to help your skin tone. You cannot give the skin too much air and as much sun as you can stand, without suffering from tanning. There is sufficient ammonia in the bath water, so make it feel soft as you run your hand through it; this should neutralize the order from perspiration. Use a half gallon of water use about 10 drops of ammonia. If you use the ammonia that is scented with violets, it will leave the skin pleasantly perfumed.

A Powder.—Anything that prevents the air from coming into contact with the scalp is bad for the hair. Wearing a cap or hat all day overhaunts the head and will be injurious to it. Even if the air of the machine shop is heated, it cannot affect the hair as badly as confinement in a hat. There is always a circulation of air in the shop which keeps the head aired, even though the temperature is unpleasantly warm. Baldness that is so common with men comes largely from wearing stiff and poorly ventilated hats.

All inquiries addressed to Miss Forbes in care of the "El Paso Herald" will be answered in these columns to their extent. This requires considerable time, however, and to the great number received, so if a personal or quick reply is desired, a stamped and self-addressed envelope must be enclosed with the question.—The Editor.

Mexico's New Policy Is To Pacify Enemies

Mexico City, Mex., Oct. 19.—Gen. Alberto Pineda, who has been in revolt in the state of Chihuahua, but has surrendered unconditionally, expects to escape punishment. Powerful friends are working to secure his release.

It is said here that president de la Huerta's policy is one of conciliation extended to a point beyond which he is not permitted to return quietly to Mexico.

COUGHLIN WILL DIRECT OFFICE IN MEXICO CITY

E. J. Coughlin will leave El Paso next week for Mexico City, where he will take charge of the International Standard company's office. The company has eight salesmen working in that country. The headquarters is in New York, but the Mexico City office comes under the jurisdiction of the company's house in El Paso.

Capital, Surplus & Profits \$200,000.00 Interest Paid On Savings Accounts. C. H. Harehead, President. Joseph Harehead, Vice-President. C. N. Harehead, Vice-President. George D. Perry, Vice-President. E. W. Harehead, Cashier. C. M. Harehead, Assistant Cashier.

CALOMEL

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

"Dodson's Liver Tone" is a pleasant, vegetable liquid which starts your liver just as surely as calomel, but doesn't make you sick and can not salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.

Examine Silk Stockings Thoroughly for Flaws

Dandruff Surely Destroys the Hair

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arsenic; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most if not all of your dandruff will be gone and three or four more applications will completely dissolve and entirely destroy every single dandruff and trace of it.

You will find too, that all itching and itching of the scalp will stop and your hair will be thicker and hundreds of times better. You can get liquid arsenic at any drug store. It is inexpensive and four ounces will last you all winter. No matter how much dandruff you have, this simple remedy never fails.—Adv.

"They WORK while you sleep"

FOR THE BOWELS

A Dependable Physic when Bilious, Headachy, Constipated and Upset. 10, 25, 50c—drugstores.

CENT A SHARE. Producing Well. 1,000 shares \$10,000 shares \$100,000 cash or one-fourth cash, balance in equal monthly payments, fully paid, non-refundable. First dividend January, 1927. Honest, competent management that will take care of your investment. Greatest opportunity in the history of the oil business, for reasonable investment. Selling and returning an investment. House of our buildings: 50 Acres Wichita County, Tex., with 500 Acres Wells on Pump and Pipe Line; 200 Acres Nueces County, Texas, well 50.1 on this tract now drilling, 140 Acres in Randall County, 400 Acres Brewster County, Texas, in this tract due to new production, 80 Acres Pecos County, Texas, 200 Acres El Paso County, Texas. Production and 1926 is our season. We expect to drill at least 10 wells in 1927. This stock is bound to advance in price. The Gulf American Oil & Refining Co., 101 Main Street, Fort Worth, Texas.

"We Shall Keep Faith"

United Fidelity Life Insurance Company, Dallas

Life Insurance —an Obligation

The accumulation of money is not the first and sole object of any normal man's life work; the pride and satisfaction at having accomplished something worth while for his fellow-man is worth far more than the dollars accumulated in a lifetime.

However, a man can not devote his best energies to any work when he is constantly harassed by the thought that his family must depend upon his daily earnings for sustenance, and that should the Grim Reaper reach down and sever his connection with this world his family would be in actual want. Such thoughts do not develop steady nerves and sound judgment.

And yet, with all these facts so well known and recognized by our American people, so few of us are really making adequate provision for our loved ones when our earning power has vanished.

"If a man does not provide for his children," says President Wilson, "if he does not provide for those dependent upon him, and if he has not that vision of conditions to come and that care for the days that have not yet dawned, which we sum up in the whole idea of thrift and saving, then he has not opened his eyes to any adequate conception of human life. We are in this world to provide, not for ourselves, but for others, and that is the basis of economy."

At what sum do you value your life?

The policy you now carry probably does not equal one year's income—how long could your family exist on it?

THE UNITED FIDELITY LIFE INSURANCE COMPANY has a capital investment of every dollar of its \$750,000.00 capital and surplus—not one dollar for promotion expense. We have started clean and propose to stay clean.

You will always be proud of a policy with this Company.

"We Shall Keep Faith"

Skin Diseases Not On the Surface

Must Be Treated at Their Source.

The mistake that is so generally made in treating diseases of the skin is a very common one, but it is also very expensive to the sufferer.

What are popularly known as skin diseases, are not in reality skin diseases at all. The surface of the skin is the seat of the attack, but the source is deep-seated.

What, then is this mistake, that the average person afflicted with skin disorders, makes in his effort for relief? And why is it that the error is so general?

In the first place, eczema, tetter, scaly eruptions and other irritations of the skin are exceedingly annoying, and in many cases, the itching and burning become intensely terrifying. Often the victim is kept awake at night scratching and rubbing the burning skin, in an effort to get some relief.

Because what he sees and feels of his affliction is on the surface, he is misled into the error of believing that all treatment should be directed toward the location of the pain and discomfort. Then, too, because of the intensity of the suffering, he is willing to try almost anything that he

thinks will afford some measure of relief, no matter how slight.

This leads him headlong into the mistake that is so general, the one that really prolongs his suffering by keeping him away from the intelligent, sensible treatment that will get results. He endeavors to get relief from the pain and torture by the use of ointments, lotions and other local treatment applied to the surface of the skin.

The millions of tiny disease germs must be removed from the blood, before you can expect to get rid of your skin troubles, but all of the local treatment applied in the world will not do this. The most satisfactory remedy for his purpose is S.S.S., the fine old vegetable blood remedy that has given such splendid results in similar cases.

S.S.S. acts by cleansing the blood thoroughly, and routing all disease germs that act through the skin. Those who want real results should begin its use at once.

S.S.S. is sold by all druggists. Get a bottle to-day and begin a treatment that goes right down to the source of the trouble and removes it. For expert medical advice without cost, write all about your case to Chief Medical Adviser, 288 Swift Laboratory, Atlanta, Ga.—Adv.
